

Supplementary tables

Table A Mean (standard deviation) length of contacts with nurses (in minutes) per patient with non-insulin treated type 2 diabetes receiving standardised usual care, less intensive self monitoring of blood glucose, or more intensive self monitoring of blood glucose

	Visit*	Available data				Imputed full dataset	
		Unadjusted for trial related factors		Adjusted for trial related factors		Adjusted for trial related factors	
		min	n	min	n	min	n
Standardised usual care group	C2	53 (13)	104	29 (7)	104	28 (6)	152
	C3	42 (14)	96	39 (13)	96	41 (11)	145
	C4	32 (14)	92	33 (15)	92	35 (13)	138
	C5	35 (11)	96	30 (10)	96	30 (8)	133
	C6	37 (12)	85	32 (10)	84	33 (8)	129
	C7	39 (13)	80	34 (11)	79	33 (9)	124
Less intensive self monitoring group	C2	51 (12)	104	27 (6)	104	26 (5)	150
	C3	52 (13)	105	48 (12)	101	50 (11)	140
	C4	42 (14)	91	39 (13)	90	38 (10)	138
	C5	46 (14)	90	32 (10)	90	32 (8)	139
	C6	49 (13)	88	32 (9)	88	32 (7)	131
	C7	46 (13)	86	32 (9)	86	33 (8)	122
More intensive self monitoring group	C2	54 (13)	94	30 (7)	94	29 (6)	151
	C3	56 (17)	98	52 (16)	94	51 (13)	140
	C4	43 (17)	82	40 (16)	82	40 (13)	125
	C5	49 (14)	86	35 (10)	86	35 (8)	128
	C6	53 (14)	70	36 (9)	70	34 (8)	118
	C7	49 (13)	74	35 (9)	74	33 (8)	113

C2: recruitment visit, C3: two week visit (intervention delivery), C4: one month review visit, C5: three month follow-up visit, C6: six month follow-up visit, C7: nine month follow-up visit

*The 12 month follow-up visit (C8) is not reported here. This contact was strictly trial related and did not form part of the intervention, therefore was not included in the costing.

Table B Mean (standard deviation) other healthcare costs (£)* per patient with non-insulin treated type 2 diabetes receiving standardised usual care, less intensive self monitoring of blood glucose, or more intensive self monitoring of blood glucose: available cases analysis

	Standardised usual care group (n=152)				Less intensive self monitoring group (n=150)				More intensive self monitoring group (n=151)			
	12 months before baseline		12 months trial follow-up		12 months before baseline		12 months trial follow-up		12 months before baseline		12 months trial follow-up	
	n	Cost	n	Cost	n	Cost	n	Cost	n	Cost	n	Cost
Other healthcare	148	581 (817)	129	774 (1612)	148	549 (933)	131	670 (964)	148	690 (1480)	117	786 (1424)
Primary care												
Doctor surgery visit	152	111 (87)	134	98 (84)	150	110 (93)	139	89 (74)	151	89 (61)	129	92 (68)
